For the Health of Your Indoor Air

## Why Indoor Air Quality Matters to All of Us?

Indoor air environments can affect the Health of the people who live in them. As energy costs have risen, air tightness in our homes has increased, "trapping indoor air pollutants." Statistics show, we now spend a remarkable 90%\* of our lives indoors. We live, work, grow & play in artificial environments. The concern is, are they healthy? \*EPA

## What can the Respicaire® PCO MAX AirSterilizer Air Treatment System do for you?

The Respicaire PCO MAX AirSterilizer is a powerful, whole home, air treatment system. Its potent purification technology utilizes Ultra Violet light to accelerate ionic, oxidative processes that help reduce airborne odors, VOCs, bacteria, viruses, mildew, microbials & molds. It features our patented "Spiroplate" catalytic chamber that produces active air oxidizers. These oxidizers can migrate throughout your home to help inactivate airborne contaminants.

## Aerospace Technology - The PCO MAX AirSterilizer works several ways to purify your indoor air.

The Respicaire PCO MAX AirSterilizer produces oxidizers that are highly reactive and help reduce airborne & surface pollutants. The PCO Max has been designed for whole home air treatment. The PCO max features Sure Seal cord connectors and lamp bases for A2L compliancy.
