Media Cabinet Air Cleaners

Take your first steps to Cleaner
Healthier Indoor Air

Respicaire

For the Health of Your Indoor Air

Why Indoor Air Quality Matters to All of Us!

Indoor air environments can affect the Health of the people who live in them. As energy costs have risen, air tightness in our homes has increased, "trapping indoor air particulates". Statistics show we now spend a remarkable 90%* of our lives indoors. We live, work, grow & play in artificial environments. The concern is, are they healthy? *EPA data

ProClean 90™ - Helps Remove Unwanted Airborne Allergens & Micro-Particles

Bacteria

Spores

Dust Mites

Pollen

Allergens

What can a Whole Home Respicare ProClean 90™ Air Cleaner do for You?

The Respicare ProClean 90 Air Cleaners use high efficiency, Multi-Pleat cartridges to dramatically improve the collection rate of airborne micro-particles. These air cleaners strain & hold micro-particles as your indoor air is circulated by your heating & cooling system. The ProClean 90 air cleaners are available in multiple sizes, so one model will be an ideal fit for your home. Traditional disposable furnace filters are remarkably inefficient - where your health is concerned. Respicare ProClean 90 air cleaners collect up to 90% more airborne particulates. Make the move to healthier indoor air today with a Respicare ProClean 90 Air Cleaner.

Maintenance

Periodic media cartridge replacement is recommended. Contact your local contractor.
